ESSER III Plan

Strategies and Steps

- I. Purchase supplies for sanitation in order to maintain healthy facilities
- II. Intervention Specialist/social worker will address the social needs of scholars and families
- III. Provide classroom instruction during summer months to address learning loss
- IV. Incentivize returning staff who have aided in the development of processes to address learning loss because of the pandemic
- V. The LEA will make supplies and technology readily available for scholars and staff/school or home in the case campus has to go remotely
- VI. The LEA will create outdoor learning spaces/classrooms as an option for staff to provide new experiences and opportunities for outdoor learning
- VII. Complying with the CDC, The LEA will improve ventilation by providing maintenance and upgrades of the HVAC systems, UV filtration system, and replace outdated equipment
